MEDICAL EVALUATION

I was evaluated by a physician, reproductive endocrinologist, or chiropractor for the condition(s) being treated within the last 12 months.

___ Yes ___ No

Permission to share medical information

Many of our patients are under the care of an OB/GYN, a Reproductive Endocrinologist, or a Fertility Specialist. In an effort to maximize your clinical results, we may want to contact your Doctor(s), and send them periodic updates about your case and your progress. Do you grant your permission for us to discuss the details of your case with your OB/GYN, Reproductive Endocrinologist and / or Fertility Specialist?

___ Yes ___ No

_____ _____

Patient Signature Date

Informed Consent to Oriental Medical Healthcare

I hereby request and consent to the performance of acupuncture treatments and other procedures with in the scope of the practice of acupuncture on me (or on the patient named below, for whom I am legally responsible) by the acupuncturist indicated below and/or other acupuncturists who now or in the future treat me while employed by, working or associated with or serving as back-up for the acupuncturist named below, including those working at the clinic or office listed below or any other office or clinic, whether signatories to this form or not.

I understand that methods of treatment may include, but are not limited to, acupuncture, cupping, electrical stimulation, Tui-Na (Chinese massage), moxibustion, Chinese herbal medicine, and nutritional counseling. I understand that the herbs may need to be prepared and the teas consumed according to the instructions provided orally and in writing. The herbs may have an unpleasant smell or taste. I will immediately notify a member of the clinical staff of any unanticipated or unpleasant effect associated with the consumption of the herbs.

I have been informed that acupuncture is a generally safe method of treatment, but that it may have some side effects including bruising, numbness or tingling near the needling sites that may last a few days, and dizziness or fainting. Burns and/or scarring are a potential risk of moxibustion and cupping, or when treatment involves the use of heat lamps. Bruising is a common side effect of cupping. Unusual risks of acupuncture include nerve damage and organ puncture, including lung puncture (pneumothorax). Infection is another possible risk, although the clinic uses sterile disposable needles and maintains a clean and safe environment.

I understand that while this document describes the major risks of treatment, other side effects and risks may occur. The herbs and nutritional supplements (which are from plant, animal and mineral sources) that have been recommended are traditionally considered safe in the practice of Chinese medicine, although some may be toxic in some doses. Some possible side effects of taking herbs are nausea, gas, stomachache, vomiting, headache, diarrhea, rashes, hives and tingling of the tongue.

While I do not expect the clinical staff to be able to anticipate and explain all possible risks and complications of treatment, I wish to rely on clinical staff to exercise judgment during the course of treatment which the clinical staff thinks at the time, based upon the facts then known, is in my best interest. I understand that the results are not guaranteed.

I understand that the clinical and administrative staff may review my patient records and lab reports, but all of my records will be kept confidential and will not be released without my written consent.

By voluntarily signing below, I show that I have read or have had read to me the above consent to treatment. I have been told about the risks and benefits of acupuncture and other procedures and have had the opportunity to ask questions. I intend this consent form to cover the entire course of treatment for my present condition and for any future condition(s) for which I seek treatment.

I also understand that Lotus Spring Acupuncture and Wellness, Inc. requires a minimum of 24 hours notice for an appointment change or cancellation. A $70 service fee will be charged for any missed appointments.
